The revival services at the United Brethren church which have been in session for the past two weeks are seemingly growing in power and interest. The pastor, Rev. Mr. Reed is greatly encouraged and states that the meetings will be continued indefinitely. Rev. C. B. Fletcher of Postoria will occupy the pulpit each night this week.

Railroad Notes

It has been announced that nine of the big railroad systems owning nearly 500,000 freight cars have decided to organize a car pool, in order to relieve the famine of freight cars and to prevent a re-occurrence of the present great congestion of freight at many of the large traffic centers. It is expected that before the plan is completed, every railroad in the country will have joined. The railroads that have thus far signified their intentions of joining and the number of cars each own, are as follows:

Pennsylvania, 130,000; Erie, 53,000; Baltimore and Ohio, 40,000; Rock Isl. and 42,000; Harriman System, 80,000; Illinois Central, 62,000; Frisco system, 30,000; Eastern Illinois, 20,000; Chicago and Alton, 11,000.

Since the recent fatal railroad wrecks of the Big Four, the company has issued a bulletin, which has been posted in local railroad circles, announcing the discontinuance of the use of caution signals in connection with the block signal system. Hereafter a train has been allowed to enter a guarded block under the caution signal. Under the new order which becomes effective at once, the block signal system will act as an absolute block against all trains proceeding on the tracks on which signal is displayed until such signal is withdrawn.

Underwear

To know where to get the best underwear is quite often an interesting problem. But! Have you tried ours? Underwear that has always given the best satisfaction? Give us a test, especially now when you can get it at reduced prices, for instance: A regular 25c quality, pants and vests to go at 12½c

CIRCUIT COURT MAKES REPORT

Four Cases Examined, Two True Bills Found.

MAHAFFEY AND MAYSE

Indicted for Horse Stealing and Grand Larceny.

Tuesday Morning Sheriff Drown Takes Liberty Reece to the Ohio Penitentiary—Court News.

After being in session but one day, the Grand Jury for the January term of the common pleas court, made its report Tuesday. This is perhaps one of the shortest sessions ever held by a local Grand Jury. But four cases were examined, and two of these were ignored.

Twenty witnesses were examined Monday and two indictments were returned against three people.

Otto Mahaffey and Willie Mayse were jointly indicted on two counts, one for horse stealing and one for grand larceny. It is charged in the indictment that the two boys stole and drove away a bay mare belonging to Clyde Sherman on January 2, the mare being valued at \$150. They are also charged with stealing a top buggy and a set of harness valued at \$75. This is the case in which the two boys attempted to sell the mare to a Delaware liverman.

Charles McClain was also indicted on a larceny charge, his offense being the stealing of a bicycle valued at \$10 from J. E. Monahan.

The jury was ready to report Monday evening, but on account of the absence of Judge Young, that matter was deferred until Tuesday morning.

The jury also made the following recommendation with reference to the county jail: "We recommend that a sidewalk be erected on the jail side of the alley; that the vines on the jail be removed and that the entire jail and residence part be repaired, especially the roof which leaks badly."

"We urge that the County Commissioners give the aforesaid their immediate attention."

Sheriff Drown Tuesday morning left over the Hocking Valley with Liberty P. Reece, who will begin a sentence of three years at hard labor in the Ohio penitentiary.

Reece was convicted at the last term of court, of cutting John Kline with intent to wound. The affray occurred in Reece's home in Martel. Mrs. Reece had been doing Kline's laundry work and he had gone there after it one evening during Reece's absence.

Finally Reece came home and found Kline there, with the result that he accused Kline and his wife of some unpretty things and a battle ensued, in which Reece stabbed Kline several times. He pleaded the "unwritten law" but it didn't go and the man was found guilty. He is 61 years of age, and feels that he may be unable to finish his sentence.

It had been arranged for the members of the circuit court to be here today, but for some reason they did not arrive. The matter of Charles L. Allen against Hiram O. Dunn and others was to have been submitted on some points that were not covered last week.

A habeas corpus proceeding was also to have been brought before the court by attorneys for Jay Hake of Upper Sandusky, who

Do You Know

The market justifies the prediction that clothing will be fully 20% higher next winter? That the discount of 20% we are now giving really means a saving of 40% from next winter's prices? That there's yet a splendid selection of Overcoats here to choose from?

RESOLUTION IS PASSED

For the Paving of South Prospect Street.

WILSON'S PET MEASURE

Simply Railroaded Through at Meeting Last Night

Dr. Seiter Fights Action to the Last—Names on Petition Never Signed by Property Owners

At a regular meeting of the city council last night, a resolution providing for the paving of South Prospect street from Hill street to the corporation line was adopted and the semi-annual appropriation ordinances were passed.

A resolution for the laying of sewers and cellar drains on Pearl street between Bellefontaine Avenue and Prospect street and on Prospect street from Walnut street south to the corporation line was adopted. A remonstrance, signed by a number of resident property owners of South Prospect street against the proposition to pave the street was read. The remonstrance stated that with the laying of sidewalks, sewers and cellar drains their properties which lie south of Walnut street, will be heavily assessed and that with the addition of the paving at this time it will be more than the property or the property owners can stand. The remonstrance was accepted and placed on file.

At this point, Mr. J. V. Wilson introduced the original petition for the street paving which was gotten up after an attempt had been made to railroad an ordinance through council which would make the city pay for the greater share of the work. The petition contained a supplement with eleven names of property owners on the street who prayed for the paving of the thoroughfare. The petition and supplement were accepted and placed on record.

Then the main fight of the evening commenced when the resolution to pave South Prospect street with either brick or sheet asphalt was given its third reading. Wilson moved its adoption and Reber quickly seconded the motion.

At the call for remarks, Dr. Seiter sprang to his feet, saying in part: "I don't think that council is justified in passing this resolution. You members have listened to a remonstrance of property owners on the street, giving excellent reasons why the street should not be paved. It is all right to pave the street from Hill street to Walnut street, but a great injustice. Here are the property owners with their names to that sidewalk, sewer cellar drain and paving assessments will be more than the can afford to pay. Mr. Wilson has names of property owners on that petition who will make affidavits that they did not sign the same and they oppose the proposition. Every member of this council knows that there are many other streets in the city that need the paving more. More than one property owner up there has told me that he will have to sell out if the council passes the resolution." The speaker got a little warm at times, and it was with difficulty that the chair maintained order.

Mr. Wilson, securing the floor, said that the reason more names of property owners were not secured was because more were not needed. He explained that the petition contained the names of owners of 1,000 feet more than a majority of the foot frontage on the street.

Horace Long, a property owner, was present and asked Mr. Wilson who put his name on the petition. He declared that he did not put it on and that he was not in favor of the paving which would make the property a burden to himself and many others. Mr. Long considered the present pike as good enough for practical purposes until the property was able to stand the assessments.

After Mr. Wilson explained that it was a business proposition for the owners, Dr. Seiter again took the floor and jumped onto his fellow members with both feet, saying: "There has never in the history been an attempt to put such a proposition through. It was first tried in council without even a petition being presented and an attempt was made to railroad it through and make the city stand the greater part of the expense. Then they did not go out and get the names on the petition themselves, but got a Cincinnati man here to do the work, and the Cincinnati man is interested in a street paving company. The whole thing looks suspicious. It's got all the earmarks of it. The city needs the money for other matters and the

seeks to gain possession of his daughter who is now living with Mr. Hare's mother-in-law.

The appeal matter of Wallace McCurdy against R. E. Coleman and others, has been dismissed in the common pleas court, and the costs paid. The matter of making a record is waived.

In the divorce matter of Cynthia Boyd against James Boyd, leave to plead by January 18 has been granted.

LARGE ATTENDANCE IS ENJOYED

At Meeting of Frances Willard W.C.T.U.

An Excellent Program is Rendered to the Delight of Those Present.

The Frances Willard W. C. T. U. met yesterday afternoon at the home of Mrs. Eva Fletcher, on South State street, with a large attendance and a good meeting resulted.

The program opened with scripture reading by Mrs. Fletcher, after which earnest prayers were offered by Mother Thew and Miss Schlenz. A song, "An Ohio Battle Cry of Victory" was rendered and roll call answered by items of interest and encouragement.

Under a program of a Mother's Meeting, a paper, "Madam Willard, the Great Mother," was read by Mrs. S. V. Milligan. Mrs. John Bain read extracts from letters of Mother Willard to her daughter. "In Memoriam" was the subject of Mrs. Libbie Smith's paper. "National Greetings," by Mrs. Sarah Brandt; "State Meetings" by Mrs. Eli Ruhlman. The program closed with prayer by Miss Henrietta Macabee.

The next meeting will be held in two weeks at the home of Mrs. Fletcher.

thing should be thrown out by council.

On the call of the roll the only dissenting voice was that of Dr. Seiter, who has been the only man to fight the proposition, and the resolution was adopted.

Council did not commence its session until nearly ten o'clock, the committee on finance spending the early part of the evening in arranging the appropriation for the fiscal half year ending June 30.

The appropriations are as follows: Council, \$835; total expenses of clerk of council, \$140; Mayor's expenses, \$600; Auditor, \$790; Treasurer, \$50; Solicitor, \$725; legal advertising, \$1450; judicial, \$500; printing bonds, \$600; humane officer, \$120; contingent fund, \$1,000; general administration, \$255; fire alarm system, \$300; police department, \$5,350; fire department, \$7,200; contingent account, \$1,000; administration of public health, \$125; sanitary expenses, \$165; quarantine expenses, \$375; contingent, \$600; public service administration, \$1180; workhouse, \$100; engineering expenses, \$1445; opening and grading, street, \$100; street repairing expenses, \$4250; laying sidewalks, \$500; street cleaning, \$2800; lighting streets, \$9,000; sewers and drains, \$1600; disposal plant, \$1600; expenses of water works, \$6050; miscellaneous, \$50; municipal market, \$1,035; park expenses, \$2,295; public buildings, \$700; contingent fund, \$2,000; library fund, \$2,000. The ordinance was passed without a dissenting vote.

A communication from John and Edward Tallon was read and placed on file. The Tallons offer from twelve to fifteen acres of land west of the city to be used for dumping night soil. The price asked is \$2,000. Petitions for sanitary sewers and cellar drains on Chase street from its western terminus to Pearl street was received and placed on file.

A resolution to lay sewer and cellar drains on Grand Avenue from Indiana Avenue to Church street was adopted. A petition to lay a sanitary sewer on Toledo Avenue from Silver to Blake Avenue was referred to the sanitary and sewer committee.

A petition for a cellar drain on Senate street north from Silver to the Hocking Valley tracks, with a branch on Marshall street to the Hocking Valley tracks and South on an alley to Gorenflo street, was referred to the sanitary and sewer committee.

The street and alley committee was requested to investigate the proposition to lay out a pike on Fairground street, the county and the city to bear the expense equally.

After each of the members of council has explained why he did or did not vote for the Prospect street paving deal, council adjourned and the clock struck twelve.

FINAL SALE OF MILLINERY.

We have still some of the smartest effects left in Hats, both trimmed and untrimmed. We also have fancy feathers, that we will sell commencing Wednesday morning at the following prices:

Our untrimmed felt and silk braided hats at one price 35 cents. And your choice of all fancy feathers 25c.

This is your opportunity. MRS. M. BECKETT. 11. . . Warner & Edwards Block.

"Redemption of David Corson," Epworth, 8 o'clock, Thursday evening. 1-21-st

FOURTH REGIMENT WAS PREPARED

For the New Military Law Just Issued.

Company D. of This City will in no Manner be Affected by its Conditions.

Company D, Fourth regiment, Ohio National Guard, of this city, will in no manner be affected by an order just issued from the war department defining the requirements of the National Guard organizations, to be considered part of the second line of defense, under the Dick law, and receive federal aid, because its conditions have long been anticipated and complied with.

So far as this state is concerned the only new feature is to determine the minimum number of men in a company. For infantry, cavalry, engineers or signal corps, this is fixed at 58. By a strange coincidence this has been the number required by the state adjutant general's office for organizations recently mustered in. The maximum of Ohio guard organizations has been fixed at 65 men. This is the same as the regular army. No minimum number has been fixed, because the question was not settled for the regular army.

When the Dick law was passed in 1903 a probationary period of five years was provided in which the states were permitted to bring their organizations up to the regular ar-
